

From The Office of Interim Senior Vice President for Health Sciences Leigh A. Neumayer, MD

I am extremely proud of our entire team.

Yesterday, the Liaison Committee of Medical Education (LCME) completed a three-day site visit as part of the process toward full accreditation at the University of Arizona College of Medicine – Phoenix.

A detailed preliminary report from the LCME committee is expected next month, and feedback from the five-member survey team that met with 120 faculty, students and staff at the college was positive. Learn more [here](#).

Thank you for your support as we continue to build a strong foundation at the College of Medicine – Phoenix and keep moving forward at the UA Health Sciences.
