Support UA Cares and give to the program that means the most to you

The University of Arizona Health Sciences Faculty/Staff Campaign

It's a scary time of year, but don't be alarmed. There are so many reasons to join your colleagues as a UA Cares donor:

- Gifts of all sizes add up to a tremendous impact. For the cost of a cup of coffee every pay period, you can contribute to a life-changing scholarship for a deserving student, fund research, or support an education program in the community.
- The dollars you donate are used right here to make a difference locally.
- Employee giving tells potential donors that we believe in our mission and our work. Your gift is multiplied many times when it inspires a UAHS friend or an alumnus to make a gift of their own.

It's easy:

- Log in to Employee Self Service on the UACCESS website.
- Click on UA Cares.
- Select "Give to the University of Arizona Foundation."
- Designate the Dept/Unit or Scholarship/Fellowship that means the most to you. There are many options, including the UAHS Innovation Fund, the greatest need fund of any college or center, or a specific program fund with which you are familiar.

For more information, visit uacares.arizona.edu. A paper form for one-time or payroll gifts is attached to this memo.

Questions? Don't be frightened. Contact Nigel Holman, UAHS Director of Annual Giving at nigelholman@email.arizona.
