UA Study Key to Understanding Immunity as We Age

Infectious diseases remain among the leading causes of death in older adults, and researchers at the UA College of Medicine – Tucson have found a key to understanding the aging immune system’s decreased response to infections.

Who Won't Take Their Medicine?

UA College of Pharmacy Assistant Professor Jeannie Lee, PharmD and UA Associate Professor of Anthropology Susan Shaw, PhD, have been awarded $1.48 million by the National Institutes of Health to study factors that impact medication adherence among residents in Massachusetts, where state law mandated that nearly every resident receive a minimum level of health care insurance coverage.

Orthopaedic Surgeons at UAMC Utilize Google Glass

Surgeons Jordan Smith, MD, and Jason Wild, MD, of the UA Department of Orthopaedic Surgery were selected to be part of the Google Glass Explorer Program and have been using the technology on select patients since December.

Shakespeare Exhibit at the Arizona Health Sciences Library

“‘And There’s the Humor of it’: Shakespeare and the Four Humors,” a National Library of Medicine traveling banner exhibition that explores the four humors—once thought to define peoples’ physical and mental health—and their influence in Shakespeare’s plays, will be displayed in the Arizona Health Sciences Library, Monday, Feb. 17 through Saturday, March 29.
