Above: Some of the 115 University of Arizona School of Medicine second-year students place dirt around a newly planted Red Push Pistache tree as they participate in a Tree Blessing Ceremony in the Dr. Norman Koelling Willed Body Memorial Garden at Banner-University Medical Center, 1501 N. Campbell Ave.

Right: Dr. Carlos Gonzales, associate professor of family and community medicine, offers a blessing during the ceremony, which serves to commemorate those who have passed away and donated their bodies so that medical students may gain valuable hands-
on training.
