The University of Arizona Health Sciences was featured prominently in the second edition of Wildcat Country. A special 48-page insert promoting the UA, Wildcat Country was distributed in the Arizona Daily Star and the Arizona Republic to more than 1 million Arizonans this past Sunday.

Please see how the University of Arizona's and UA Health Sciences’ innovative research and statewide community outreach is impacting our state and beyond.

Highlighted articles from the University of Arizona Health Sciences include:

- Hope for Children with Autoimmune Diseases
