

FAST FACTS

THE UNIVERSITY OF ARIZONA
College of Nursing

The University of Arizona
Health Sciences

MISSION

We innovate nursing and interdisciplinary education, practice, research, and service to develop leaders, address health care challenges, and promote health, equity and inclusiveness.

- Home to the No. 1 Bachelor of Science in Nursing program in Arizona and one of the top 25 programs in the United States, according to U.S. News and World Report's Best Colleges list (2022-23).
- The college's online Master of Science in Nursing in Clinical Systems Leadership was ranked No. 31 in U.S. News and World Report's Best Online Master's in Nursing Programs rankings.
- Home to the No. 33 ranked Doctor of Nursing Practice program in the country, according to U.S. News & World Report.
- Students in the Master of Entry to the Profession of Nursing recorded a 93% pass rate on the National Council Licensure Examination, according to the Arizona State Board of Nursing
- The College was the fourth nursing school in the U.S. and the first in Arizona to become a Hispanic Serving Health Professions School (2015). Today, 45% of students identify as American Indian, Alaska Native, Asian, Black or African American, Hispanic or Latinx, Native Hawaiian or Pacific Islander.
- Ranked No. 16 among public universities and No. 23 overall in National Institutes of Health funding, according to the 2023 Blue Ridge Institute for Medical Research Rankings.

HISTORY

- The School of Nursing started in the College of Liberal Arts at the University of Arizona in 1957. The School's first home was a conference room in the Liberal Arts Building. There were 42 students in the first class.
- By 1963, there were 200 students in the program. The School developed agreements with 10 Tucson health care facilities, including hospitals, the county health department and the Tucson Visiting Nurses' Association, to form a core of labs for the program's rapidly expanding student population.
- In the early 1970s, Nursing faculty traveled to distant communities to teach nurses throughout the state. As a forerunner to other graduate programs, the College began offering a nurse-specialist degree in subspecialties such as pulmonary, oncology and primary care nursing.
- The College of Nursing organized a 1973 nursing research conference, which grew from a local gathering to an international symposium. It was one of the first such conferences in the U.S.
- A Master of Science degree with a nursing major won approval in 1967, the same year construction began on the new College of Nursing building.

CONTINUED

Established: 1957

Academic Programs:

Bachelor of Science in Nursing

Master of Science, Entry to the Profession of Nursing

Master of Science in Nursing Clinical Systems Leadership online

Doctor of Nursing Practice hybrid

Doctor of Philosophy in Nursing online

Dual DNP/PhD

Graduate Certificates

Research Focus Areas:

Precision Science

Data and Systems Science

Health Determinants Science

ECE, APRN, ANP-
BC, FAAN**

College of Nursing Fast Facts

- The College organized its PhD program in the mid-1970s, graduating 17 doctoral students during the first decade.
- During the 1980s, the College established the Nurse-Midwifery Education Program and an interdisciplinary rural-health nursing program. The latter placed graduate students in Cochise County towns—Willcox, Benson and Douglas—for 10-week fellowships including patient teaching, nursing care, blood-pressure screening and teen prenatal counseling.
- The Alumni Council was founded in 1982. The purposes of the Council included honoring remarkable faculty and students, holding a continuing-education conference, raising money for scholarships and sponsoring licensure exam review.
- The College of Nursing Advisory Board first met in 1987. Its mission was to represent the College's goals to the community, advise the College on key issues, seek long-term support and encourage relationships within Arizona. The same year, the College of Nursing ranked seventh in the influential ranking published annually by U.S. News and World Report. In a 1993 survey of nurse researchers and nursing college deans, the UA College of Nursing ranked sixth among 491 nursing programs.
