Todd W. Vanderah, PhD

Join us for the College of Medicine - Tucson's Founders Day Honoring Todd W. Vanderah, PhD

Noon - 1 p.m. Friday, Nov. 16, DuVal Auditorium

This year's speaker is

Todd W. Vanderah, PhD
Chairman and Professor of Pharmacology
Professor, Anesthesiology
Professor, Neurology

The following criteria is used to select the Founders Day speaker:

"A faculty member who embodies an investigator whose research has a continuous thread of significance and who can effectively present that research with enthusiasm, vigor and inspiration."

The Origin of Founders Day

The foundation for excellence in teaching, research, service and patient care, on behalf of the people of Arizona, was established when The University of Arizona College of Medicine was dedicated on November 17, 1967. Ceremonies before 1,500 guests celebrated nearly a decade of effort by Arizonans to build a medical school. The Basic Sciences Building opened in September 1967, just one day before the first group of 32 medical students began classes. Four years later, the Clinical Sciences Building and the University Hospital (known today as The University of Arizona Medical Center) were completed.

Please register to attend today:

<https://medicine.arizona.edu/webform/founders-day>

Faculty, staff, and students at the North Clinic and South Campus are encouraged to bring a brown bag lunch and meet in a common space to watch the ceremony.

- **North Clinic: BUMN 10116**
- **South Campus: BUMCS 3039 Administration Boardroom**

About the UA College of Medicine – Tucson

The University of Arizona College of Medicine – Tucson is shaping the future of medicine through state-of-the-art medical education programs, groundbreaking research and advancements in patient care in Arizona and beyond. Founded in 1967, the college boasts more than 50 years of innovation, ranking among the top medical schools in the nation for research and primary care. Through the university's partnership with Banner Health, one of the largest nonprofit health care systems in the country, the college is leading the way in academic medicine.
