UAHS Announcements - Jan 28, 2019

Announcements

[Why Women? — Studying the Role of Gender in Alzheimer's Disease](#)

Roberta Diaz Brinton, PhD, inaugural director of the Center for Innovation in Brain Science at the UA Health Sciences, received \$5.9 million from the National Institute on Aging to study the role of gender in Alzheimer's disease and develop precision medicine interventions to prevent - and potentially reverse - the course of the disease in both women and men.
