## Maintenance Work on Health Sciences Garage

**July 11, 2019**

The Health Sciences Garage (formerly Banner Garage A) will be undergoing some maintenance work over a 2-week period starting Monday, July 15.

The ramp to the upper entrance will be blocked off and all parking traffic will be directed to the secondary entrance leading to the lower level. The barricades separating the staff/physician parking will be relocated closer to the upper level to provide more parking spaces. This will create a mix of staff and physicians currently parking in the garage and UA visitors for this time period.

Banner visitors will continue to be directed to the parking lots and garages near the new hospital.

See attached map below.
