Contracting Services Consolidated Within UAHS Office of Research Administration

March 27, 2018

Dear UAHS Community:

We are pleased to announce that the research contracting services for the Health Sciences has been consolidated within the University of Arizona Health Sciences Research Administration Office. This change is part of our continuous effort to streamline and improve support to our faculty and our relationship with our clinical partners. The [Research Administration](#) team, led by Lauren Zajac, provides centralized research administration support for our faculty, including pre-award, post-award, and clinical trial budgeting and compliance services. Adding contracting support allows the team to become a truly full-service operation.

Ms. Zajac will be working closely with all of the [Office of Research, Discovery & Innovation](#) leadership to help make this a smooth transition.

Leigh A. Neumayer, MD, MS
UA Interim Senior Vice President for Health Sciences

Kimberly A. Espy, PhD
UA Senior Vice President for Research
